

AMPLIFY DIVERSITY, EQUITY, AND INCLUSION THROUGH CULTURE

Integrate DEI into all aspects of the organizational culture, the employee journey, and the customer experience. Create a sense of belonging that supports positive, tangible, and lasting change. We assist you in building awareness, capabilities, frameworks, and skills to achieve measurable and high-impact results.

Organizational Effectiveness is driven by an intentional culture in the workplace.

We partner with organizations to engage and support High-Performing teams that deliver results. Our Employee Engagement software bridges employee sentiment with results, offering an action-based strategic plan with built in Key Performance Indicators (KPIs).

Creating an effective and inclusive culture

CULTURE
REDESIGNED

ABOUT US

Unlike traditional consultants we apply data and behavioral science to our methodology, providing organizations with a clear path and framework to build cohesive teams that deliver results. Our practical approach to Diversity, Equity, Inclusion, and Belonging focuses on measurable results that positively impact the company, the workforce, and the community.

- DEI and Employee Resource Group Council and Facilitation
- Mentorship and Professional Development Program Design and Implementation
- Talent Optimization Platform

CULTURE
REDESIGNED

Culture Redesigned specifically targets the lack of performance and engagement from employees and brings the focus inward. We believe that highly motivated and engaged teams deliver exceptional products and services which ultimately leads to high levels of customer satisfaction and retention.

By creating a winning culture that is tangible in everyday activities and lived by every member of the team we offer real solutions in a competitive market.
